South University Program List with CIP Codes

CIP Code Definition: The Classification of Instructional Programs (CIP) provides a classification scheme that supports the accurate tracking and reporting of fields of study and program completions activity across Universities and Colleges in the United States. The CIP titles and program descriptions are intended to be generic categories into which program completions data can be placed, not exact duplicates of a specific major or field of study titles used by individual institutions. The CIP is not intended to be a regulatory device. CIP codes, for the most part, are not intended to correspond exclusively to any specific degree or program level. In most cases, any given instructional program may be offered at various levels, and CIP codes are intended to capture all such data. (National Center for Education Statistics (NCES), U.S. Department of Education https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55)

Degree	Program Name	CIP
Associate of Applied Science	Occupational Therapy Assistant	51.0803
